

AP German Summer Work

Students enrolled in AP German for the 2018-19 school year are to complete the following assignments prior to the start of school. Any student who is new to KCSD will need to pick up a copy of our textbook and workbook from guidance.

1. **Aspekte Neu – Mittelstufe Deutsch Arbeitsbuch** – Students are to complete the vocabulary section at the end of all 10 chapters in order to preview new vocabulary and to help prepare for discussions and assignments throughout the course.
2. **Aspekte Neu – Mittelstufe Deutsch Lehrbuch** – Students are to review the Redemittel and Grammatik sections on pages 168 – 186. They are to work towards mastering several examples for each Redemittel section. Students are also expected to use the Grammatik section to troubleshoot any areas of weakness prior to the school year. Students are encouraged to e-mail Herr Kotz dkotz@kcsd.org with questions or concerns regarding any particular grammatical concept.
3. Student e-mails – Students are encouraged to e-mail Herr Kotz in German bi-weekly throughout the course of the summer. Herr Kotz will respond to the student e-mails within a week and provide tips and feedback on the context and grammar of each e-mail.
